MEMORANDUM

September 3, 2014

FROM: Eagle Construction Services, Inc.

TO: Palmyra Residents

SUBJECT: Sheet Piling Work

1. Eagle Construction Services has been contracted by the Borough of Palmyra to provide odor control improvements and related work at the Palmyra sewage plant.
2. Part of this work involves the construction of a new sewage pump station. The station is 24 feet deep, and requires excavation of a deep hole in its construction. We are currently installing sheet piling so that we can excavate for the pump station.
3. Driving of the sheet piling will take 5-7 working days.
4. For any issues you may have concerning these activities, please call me at the number listed above.
