Mayor Scheffler explained that the Borough adopts this proclamation every year to support the Office of Emergency Management and other local volunteers to reduce the loss of life and property and also decrease the effects of severe weather on our resources and economy.

B. JIF Awards-Mayor Scheffler read into the record the below letter from the JIF Insurance fund. Mayor Scheffler also read the award that Marie Nagle received for her work on the Wellness side of the JIF.

Dear Mayor and Council:

It is our pleasure to report that the Palmyra Borough has earned **\$1,625.00** as a result of your employees' outstanding performance in the 2014 BURLCO JIF Safety Incentive Program. The Safety Incentive Program is intended to foster a safety attitude among the BURLCO JIF members, change behaviors to create a safer work environment, as well as promote continuing efforts to "Change the Culture". The awards were announced at

our Annual Safety Kickoff Breakfast held on February 5, 2015 and are designed to recognize safety accomplishments in a variety of areas.

The Safety Incentive Program required the execution of a "Safety Contract" and the completion of various reports confirming compliance with JIF safety criteria. These reports were evaluated by the JIF Safety Director to determine your municipality's compliance with these criteria.

During 2014, members competed against a set of standards established by the Executive Safety Committee to determine their awards. The ill members were sorted into four size categories (S, M, L, XL) based upon their annual JIF Assessment. Each member competed against the established standards to determine if they either qualify or not (Pass or Fail) for a Safety Incentive Program Award.

Due to your employees' efforts, Palmyra Borough has qualified (Passed!) for reimbursement of **\$1,625.00** to be used for recognition of your employees' safety accomplishments.

We would also like to extend our **CONGRATULATIONS** to your Fund Commissioner, John Gural, your Safety Coordinator, Tracy Kilmer, and all your employees who played an important role in achieving these results. Their dedication to the principles of the JIF has enabled them **to** effectively communicate the importance of the safety program and their continuing commitment to the safety of all employees. We ask that this letter be read at your next Council Meeting to acknowledge these efforts by your employees' and make these accomplishments part of the public record.

Guidelines on how to collect your award will be sent to your Fund Commissioner and Safety Coordinator. You can find additional information about the JIF Safety Programs, Policies, and Safety Incentive Program Criteria, as well as the presentation given during the Safety Kickoff Breakfast, on the BURLCO JIF website, www.burlcoif.org.

I once again want to thank you for your involvement and congratulate you and everyone involved in the JIF safety program for making "*Safety First in All We Do*"!

Very truly yours,
BURLINGTON COUNTY MUNICIPAL JOINT INSURANCE FUND

Paul J. Miola

There was a discussion on the drainage ditch and outfall. Mr. Kirchner would like to have the improvements approved so that the work can be started, there will be a change order on the next regular council agenda. Mr. Gural explained that the funds to pay for the additional projects is within the budget and also the NJEIT loan. Mr. Kirchner informed council that FEMA has indicated that some of the work should be reimbursable. Mr. Bostock inquired if a presentation to FEMA was needed. Mayor Scheffler explained that as a result of the article she is doing a lot of research. She has the report from the employee and needs to address some things in the office. Mayor Scheffler explained that normally the process is to turn the matter over to the committee, but Mr. Reed had mentioned at a previous

EMAIL

Hello Everyone,

I have continued to gather information and have done additional research into this matter. I would like to share some thoughts and insight with all of you.

First of all, the decision to hire an attorney has to be the consensus of the group. It is not going to be an easy task we are setting forth but a journey that we all must be prepared for. It is pretty clear to see that our voices are not being considered by Council and we probably not be taken seriously until we hire a voice. It is also evident that the Council is not going to make any of this easy for us. I can imagine the continuation of the stone walling and delays in an effort to increase our attorney fees. That being said, I feel as though we need to have the strongest voice possible to represent us. I also feel as though the voice has to be a man. Given that the majority of the interaction is going to be with John Gural and all of us being familiar with his position and personality, the counterpart that we hire has to be able to stand toe-to-toe and speak to him in his own language (I'm sure you know what I mean).

I must reiterate that whoever is chosen to represent us, be prepared to spend approx. \$20,000 if not more. It is going to be extremely important that we are in a position to finish what we start. There are a few of us that will be working directly with the attorney in assisting with documents, info and presenting perspectives from experiences from other townships and other cases. Maryann Shea and I will do the best we can to help to keep costs down by assisting the attorney in any way possible

Mayor Scheffler explained that she is concerned about conflicts of Ms. Arnold being on both sides and that the Borough has spent a lot in legal fees for the litigation. Mayor Scheffler recommend that council rescind all the ordinances that deal with the rental and housing, since they are all at risk for being challenged. Mayor Scheffler explained that she is an officer of the court and that this needs to be made right. She is requesting that council introduce an ordinance to rescind all the ordinances pertaining to rental inspections and also to certificate of occupancy. Ms. Arnold inquired as to how long the Mayor has had the email and that she knew about it when Ms. Arnold offered her time in 2013 to be on the committee. Ms. Arnold discussed that she has given her all to the Borough and to Council. Ms. Arnold explain that Mayor Scheffler is constantly questioning her integrity Ms. Arnold explained that a reason why she is on council because the residents were not being listened to. Mayor Scheffler inquired if Ms. Arnold does not think it is a conflict of interest to discuss the landlord litigation after she agreed to help the landlords. Mr. Bostock discussed that his concerns if the ordinances were revoked. Mr. Bostock discussed that residents have put out a lot of money to obtain a certificate of occupancy. When he had questions about a conflict of interest he contacted the local finance board for their input. Mayor Scheffler stressed that is even more reason to rescind the ordinances and that residents were not being informed that they could sell the homes as is with a temporary certificate of occupancy. Mr. Howard inquired if Ms. Arnold is sitting on the committee did she advise the committee that she was helping the landlords. Ms. Arnold explained that the group talked about in the email does not exist and that she was not on council at the time of the emails. Mayor Scheffler discussed that the most prudent issue is to rescind the ordinances. Mayor Scheffler clarified that Mr. Reed is not a landlord and is not involved in this issue with Ms. Arnold. Mr. .Bostock inquired if the Mayor was talking about rescinding just the rental ordinance and the certificate of occupancy ordinance. Ms. Arnold left the room. Mr. Rosenberg discussed that council can introduce the ordinance by title this evening. Mr. Nowicki inquired if council want to take that approach or contact the local finance board first. Mr. Rosenberg informed council that sometimes it can take up to a year to get an answer from the finance board and also that the litigation over the ordinance is still proceeding. Borough Council can always reintroduce a new set of ordinances or the same ordinances. Mr. Bostock made a motion to adopt the ordinance on first reading, Mr. Howard second the motion. At the call of the roll, the vote was:

AYES: President Dobbs, Mrs. Tait, Mr. Nowicki, Mr. Bostock, Mr. Howard

NAYES: None. The ordinance was adopted on first reading and will be heard on second and final reading after a public hearing at the council meeting of March 16, 2015.
